Outdoor People like

Hofbrau Beer

It is nutritious, refreshing, invigorating. Being strictly pure, and aged for months before leaving the brewery, it is healthful and satisfying.

Hofbrau beer has a fine body, lots of life, and is most pleasing to the taste. Its superior qualities make it the popular beer for use on outings, at the club, in the home—wherever real beer quality is appreciated.

By the case direct from the brewery, in pint bottles.

Reputed Agreement

Wilkesbarre, Pa., May 30.—The 12,000 striking mine workers of the Pennsylvania Coal Company at meetings which lasted until early this morning decided by a large majority to regularize the action of their committees representing the nine idle collieries in agreeing to an adjournment of their grievances by the company officers.

They claim they will not submit to such a slow method of settlement and that they will not return to work until the officials make them a definite pledge that they will have the dockage reduced and that they will get credit for each hundred pounds of coal they place in the cars.

The outlook now is that the strike will continue for some time, as the company officials declare they will not make any settlement while the men remain on strike.

Monster Aeroplane.

New York, May 30.—The largest aeroplane in the world has been built in the aerodrome of the Aeronautical Society at Mineola, Long Island. Today the finishing touches were put on the frame work and there remains but the installation of the motor which is on its way from Europe. Joe Seymour, the veteran racing car driver, and Walter Diefenbach, an expert machinist, have built the machine from their own design. The machine is of the biplane type. Its wing spread is 45 feet and the length from the front control to the tail is the same. The lifting surface measures 700 square feet. When the motor which is an 18-cylinder engine of 70-horse power, is installed the aviators expect to be able to lift the weight of seven men. "I am going to beat C. u. t.," said Seymour today. "We are going after that Albany to New York fight. We have christened our new machine the 'Lusitania.' I believe I will be able to fly from New York to Chicago without stopping."

Killed by a Policeman

Ridgeway, Va., May 30.—Mistaken for a law breaker because he was running for a train, David Wade, a negro boy, was shot and instantly killed by Special Policemen Reginald Jones and Henry Rierson. Wade had gone to Ridgeway from Martinsville, W. Va., on an excursion train. In returning he boarded the wrong car and shortly before the train reached the station was ordered off the car. He did so and started running toward the station.

The policemen saw him and thinking

he might be a fugitive from justice from

North Carolina, ordered him to halt. In-

stead of obeying he shouted out that he

must catch his train and continued run-

ning. Both officers then opened fire and

a moment later the negro fell, shot through

the head.

Barrow and her daughter were poisoned by drinking coffee. They became violently ill immediately after breakfast, and, suspecting poison, immediately summoned aid. Their lives were saved was due to the efforts of five physicians.

SCENES IN DARKEST AFRICA.

Arrangements have been made for a lecture on Africa illustrated with stereopticon slides by Rev. Louis Vass, at the Second Presbyterian Church Wednesday evening at eight o'clock. Mr. Vass has been a missionary on the Congo for a number of years, and took many pictures of the natives and their manner of life. These pictures he has made into clear slides, and will describe them Wednesday evening. The lecture is open to the public, and is free. An offering for foreign missions will be taken. Mr. Vass was captain on the steamer Lapsley which overwintered several years ago, as it ascended the Congo river, causing the drowning of our townsman, Rev. Henry Slaymaker. It is not often that such an opportunity to see and hear about Africa is offered.

YESTERDAY.

Yesterday was a bright May Sunday and a greatly enjoyable one. The churches were fairly well attended and many persons were on the streets. Bishop Arthur S. Lloyd preached at Christ Church in the morning but the pulpits of the other churches were occupied by the resident clergy. In the afternoon many persons visited the cemeteries while many others enjoyed strolls in the country. Many steamers and pleasure boats were on the river during the day. At about 11 o'clock at night a thunder storm passed over this city and rain fell for some time.

Mrs. Elizabeth Tibbs M. V. Igb, an old and well-known resident, died at an early hour yesterday morning at her home, 608 Queen street, after a long illness. The deceased was the widow of James H. McVeigh, and was in the 87th year of her age. Mrs. McVeigh was born in Dumfries. In bygone years she conducted a young ladies' seminary in this city. In the early part of the civil war she was married to James H. McVeigh. The latter died in 1891.

RAIN LAST NIGHT.

The weather yesterday was at times sultry and threatening. Early in the night flashes of lightning were seen west and north of this city, and about 11 o'clock rain began to fall. There were several copious showers, accompanied by considerable thunder and lightning. About midnight there was a vivid flash, followed by a loud crash of thunder which awakened nearly every person who had fallen asleep.

FINED FOR GAMBLING.

Eight negroes charged with gambling were arrested yesterday at racco by Chief George and Officer Bell. The men were in a house in the southwestern section of the city when they were arrested. All left \$5 collateral each except the proprietor, and he was required to leave \$20 collateral. The later was fined \$5 this morning in the Police Court, as were also two others. Two forfeited their collateral by failing to appear. The others were fined \$2.50 each.

The funeral of the late Samuel Lytle took place this morning from the residence of his daughter, Mrs. Thomas L. Rishell, 513 south Washington street. Rev. H. M. Canter, pastor of the M. E.
